Text books hearing

Currently available for inspection at the Ontario City Library are teachers' editions and accompanying manuals of social science textbooks for grades 5-8.

In accordance with Section 9303.5 of the Educational Code and Section 18531, Title 5, California Administrative Code, these texts will be discussed in a public hearing scheduled for July 8 in San Francisco. For 60 days prior to this hearing the texts must be on display in public places.

Available with the books at the library are forms for suggesting revisions to these texts. These forms must be received in Sacramento by June 29.

All interested persons are invited to inspect the texts. The Ontario Library is located at 215 East C Street.

Golf course action delayed

On the request of Dewey Cable, representing the Welsh Corporation, which has proposed a golf course in the northwest portion of the city, the City Council last Monday delayed consideration of the course until July 6.

Councilman Harold Bailin asked Cable to provide the city with a financial feasibility study in connection with the golf course. Cable indicated the Welsh firm, would get the needed information.

A former study of the area made by the council, was to be made available to Cable.

Councilman Ronald Rossiter requested a value be set on the property involved in the proposal, "by someone other than the city." He also wanted to know if the proposed course would be usable for recycling water, similar to the facility in Ontario next to the Ontario National Golf Course; if the safety factor for the airport clear zone would be endangered and if there were a possibility of combining the proposed recreation building with the golf course facility.

The Council suggested local realtors from Ontario, or State Inheritance Appraisers could value the city property in the area.

Pancake breakfast

The first annual Pancake Breakfast for the West End Sheriff's Mounted Possee will be held Saturday, July 3, from 8 a.m. to 12 noon at MacDonald's Shopping Bag, 304 Foothill Blvd., Upland.

Pancakes, eggs, sausage, juice and coffee will be served. Breakfast is 50¢ for children or adults.

Proceeds from the breakfast will go towards search and rescue equipment used by the Mounted Possee. All time and equipment of the non-salaried deputy unit is donated.

On a prolonged search and rescue mission last year, deputies spent five days searching for a missing boy.

Music program offered

A music program featuring vocal, choral and instrumental instruction is being held at Pioneer Junior High School. Formerly the class was offered at Upland Junior High.

Classes are held Mondays and Wednesdays from 1-4 p.m. The classes on Tuesdays and Thursdays from 2 to 5 p.m. and on Wednesdays from 7-9 p.m. are particularly aimed for adults, the Tuesday session being an introduction to music and the Wednesday evening meets called "family music."

Additional information regarding the recreation department-sponsored program may be obtained by calling the instructor, Evelyn LeBlanc, at 985-4490.

Macrame classes

Teens who enjoy making items to wear are reminded of the macrame classes being offered by the recreation department this summer.

Classes, especially for teenagers, are offered each Tuesday and Thursday from 2 to 4 p.m. in the Community Building at Upland Memorial Park. The fee is \$10 for the course which is taught by Mrs. Joyce Winkel. She may be contacted at 983-4635.

A gift for Caborca

The Upland City Council agreed at their last council session June 21 to give the city's 22-year-old fire engine to Caborca, Upland's Mexican Sister City.

According to City Councilman John McCarthy, Caborca knows of the possible gift and is willing to accept the vehicle. They are in "dire need" of a fire engine, McCarthy reported to the council.

McCarthy stated the truck is still in operating condition although no longer in use by Upland. He said the police and fire committee recommended the gift and that the goodwill engendered would more than offset the cost to the city.

Councilman Ronald Rossiter asked City Manager Elwin Alder if "we will get a request for a new truck if we give this one away?"

Alder replied, "No, not this year. Next year."

Poppy seeds wanted

The Upland Woman's Club is asking the cooperation of townspeople who have California poppies blooming in their gardens to save the seed pods which are about to burst now.

A container is found on the North Patio of the Club House, 590 North Second Avenue, where the seeds may be placed or the seed pods may be given to any club member.

He depends on you

Your News carrier boy will be calling on you in the next few days for collections. He is in business for himself and your monthly payment of 50¢ increases his earnings.

July 4th festivities feted

A traditional Fourth of July is scheduled with fireworks displays in three neighboring cities and an old-fashioned celebration at the Cucamonga Boys' Club.

The Fireman's Association of Pomona will present their third annual Benefit Fireworks Display at the Los Angeles County Fairgrounds. Cost is \$2 for adults \$1 for children under 14 and there is no charge for children under two. The fairgrounds open

at 6 p.m., fireworks begin at 8:30 p.m.

The Kiwanis Club of Ontario Parkway will hold a fireworks display that begins at dusk at the Chaffey High School Stadium in Ontario. Cost is \$1.50 for adults, 75¢ for children under 12 and children under 5 may enter free.

Claremont Men's College has scheduled a 45-minute fireworks display at 9 p.m. at the Men's College field. The "Sing Out

West End" group from the Ontario-Upland area will entertain prior to the fireworks. The Men's College field will open at 6:45 p.m.

The Fourth of July will be celebrated on July 2, by the Cucamonga Boys Club on Feron Ave. An old-fashioned party complete with games, contest and a pie eating contest is set for 3 to 5 p.m. All boys living in the

Cucamonga district are welcome to the Boys' Club celebration.

The twentieth annual All State Picnic will be held in the City of Ontario. A mile-long picnic table will line the median strip on Euclid Avenue from Fifth Street to "B" Street. The traditional parade will begin at 2 o'clock and the picnic will follow. The 50 states will be marked along the mile-long table.

Storage facilities ravaged by blaze

A fire, estimated at a "possible" quarter million dollars, swept through two wooden packing houses on A Street in Upland Saturday evening.

The blaze was reported at 10:15 p.m., almost simultaneously, by two patrolling Upland Police Units.

Assisting Upland in fighting the fire were units from Ontario, Cucamonga, Alta Loma and the U.S. Forestry Service.

Both former packing houses were in use as storage facilities. One, on the west, was being demolished. The approximately 150 by 75 foot structure was part

ly down and the roof had been removed. According to Upland Fire Chief Leon Lamphear, the fire apparently started on the first floor of this building.

Although Lamphear said no cause of the fire had been established, the department is checking to discover the reason.

The fire spread from the western structure through a breezeway to the one on the east owned by Scheu Products to store mainly orchard heaters and parts.

Lamphear said the two buildings were "probably built in the early 1900's."

Moscone to keynote chamber installation

State Senator George R. Moscone, Democratic floor leader, will be the keynote speaker for the July 8 installation and dinner of the Upland Chamber of Commerce.

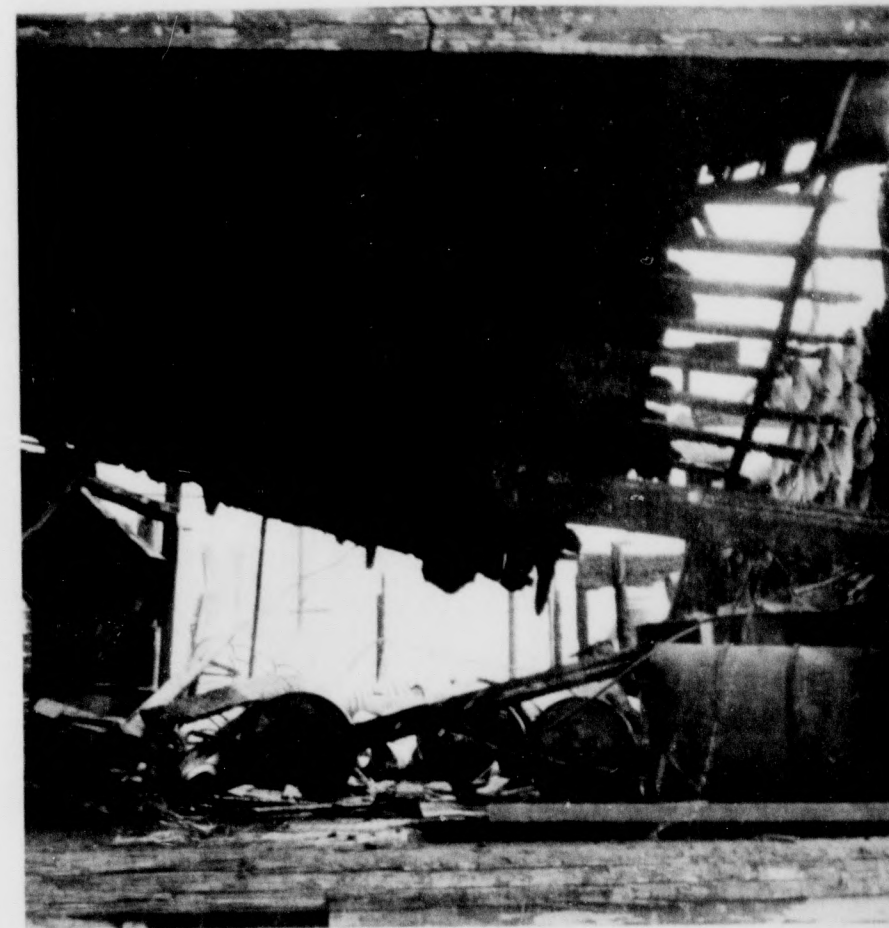

The event will take place at the Arbor Restaurant, corner of Foothill Boulevard and Euclid Avenue in Upland with a social hour at 6:30 p.m. and dinner and program at 7:30 p.m.

State Sen. Moscone is a native of San Francisco and former member of the San Francisco Board of Supervisors. He was elected to the State Senate in

1966 by the second largest plurality in the state and in 1970 was re-elected by the largest margin of victory for any legislator in California.

C. Richard Hield, new president of the Upland Chamber, and his board will be installed during the program. Retiring President Robert Sherwood will be honored.

Reservations for the annual activity may be made by contacting the Upland Chamber of Commerce, 880 W. Foothill Blvd., Suite F. Tickets will also be available at the door the evening of the dinner. Tickets are \$6.50 per person.

Fire's aftermath

The gutted wooden packing house on A Street shows the result of the \$250,000 fire which burned two buildings and called in engine companies from surrounding areas to help aid in the battle.

New city editor

Appointed city editor for the Upland News and Cucamonga Times, this week, was Mrs. Pauline Tiffany. She replaces Bobbe Monk, who has retired.

Mrs. Tiffany was formerly a staff and feature writer for Inter-suburban Hometown Newspapers located in El Monte.

In addition to writing features for four weeklies, she covered the city beat for the La Puente Valley Journal, the largest paper in the Inter-suburban group.

Before entering the community newspaper field, Pauline was editor of an eight-page monthly industrial newsletter for a St. Louis based plant. She was also editor of the IPA newsletter for the St. Louis Industrial Press Association.

Mrs. Tiffany, was an English major at Forest Park Community College in St. Louis. She switched to journalism at Murray State University, Murray, Kentucky.

Pauline is Mrs. Gifford F. Tiffany. Her husband manages an industrial laundry located in the City of Commerce. She has a son, Joe, and a step-son, Mike, both fourteen. The Tiffanys live in San Dimas.

Lion-of-the-year

Earl Bennett, right, a charter member of the Upland Breakfast Lions Club, was named the club's first Lion-of-the-year at the club's sixth annual installation dinner June 26. At the same session Bill Birkes, left, passed the presidential gavel to Don Stone, center.

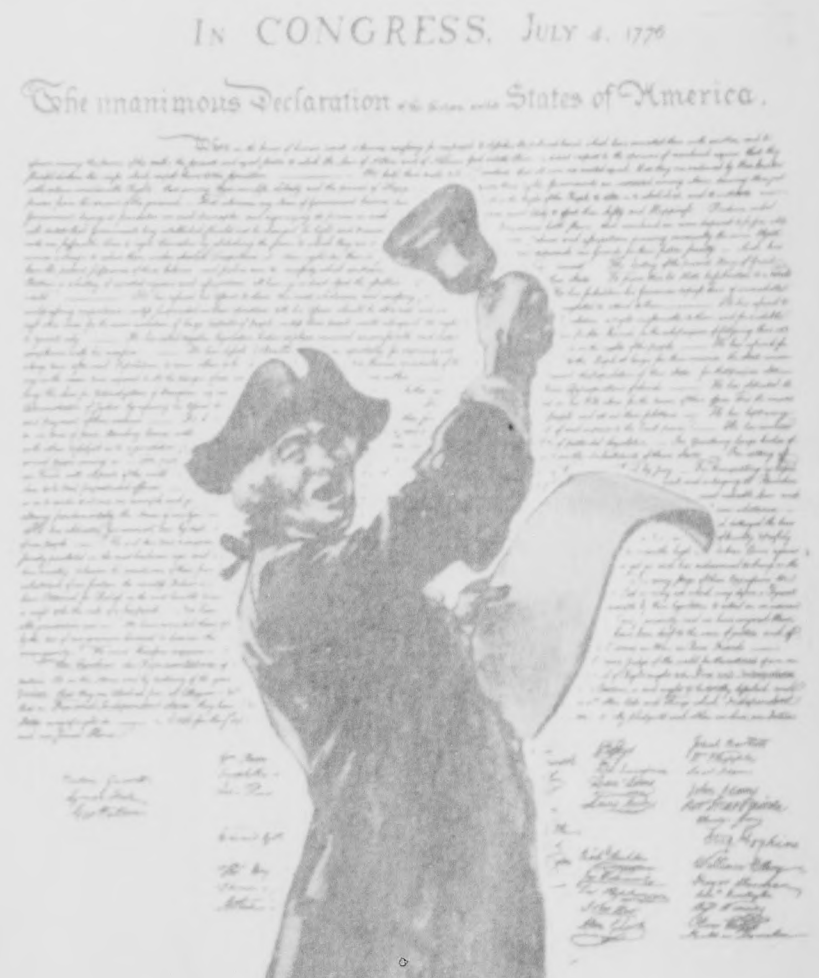

It looks good

Mrs. Norris Hanna offers a jar of jelly to Mrs. Everett Henry as Mrs. Jerry Cross looks over the baked goods. The merchandise was on sale during Upland's Old Fashioned Days celebration held June 23-26 on the town concourse. This table full of goodies was prepared by the Trinity Methodist Church women. Activities included the coronation of Queen Jan Marie Caines and the winner of the Toyota Corona by Uplander, John Leatherman, 93 Vernon Dr.

Self-evident truths

July 4, 1776. A young nation pledged for all men... "they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness." July 4, 1971. A great nation often troubled, always proud, reaffirms its faith with words penned long ago, being just as truly valid now as then. "We hold these truths to be self-evident."

OUT OF MY MIND....

By Jenny Kirkpatrick

Happy Birthday

It's Happy Birthday time for all of you July celebrants, astrologically speaking, you are a late Cancer or an early Leo. Consult your zodiac, astrology book or fortune cookie for your future and have a Happy Birthday. Other notable days in July are, Postal Service Day, July 1 and Independence Day, July 4 (and courtesy of the feds we get a three day week-end) Pat--there won't be another one until September, so enjoy, enjoy. For you romantics, there will be a full moon on July 8. July is a quiet month as months go, except August which is even quieter, no holidays at all. P.S. Don't tell the government or they'll rearrange the month.

Hats off

A doff of the hat to: Upland Author's Editor Boulton Black, who has had a recent article in the Pomona Valley Historical magazine and for her effort in saving the Rains home in Cucamonga. Also, to the others who expanded the effort to save the home. Who says people can't get things done?

- To the Guide Dogs for the Blind Inc., who help the blind help themselves.

- To the Mt. San Antonio College for being selected as the representative for the United States to the "International encounter of Amateur Athletes," held in Mexico City. This is the sixth consecutive year MSAC has had this honor.

- To Jerry Lewis, San Bernardino County Assemblyman who co-authored a bill to which requires business to advertise and print contracts in both Spanish and English. This will protect those who speak Spanish from getting involved in contracts and not knowing what they say, getting hurt.

- To the Junior Achievement group for encouraging young businessmen and women in the free enterprise system.

- To the Boy Scouts of America who cleaned up the highways and byways recently under the banner of SOAR, "Save Our American Resources". Please do your part and help keep the environment clean.

Independence Day

As Independence Day 1971 approaches, it is well to recall that the Fourth of July means more than shooting off a few fireworks. It marks the point nearly two centuries ago when the United States began to

shape its destiny as an independent nation.

This year, as we commemorate Independence, many are asking whether we are worthy of the freedom we have enjoyed all these years, thanks to the fortitude and purposefulness of our forefathers. To them, independence meant building a strong nation where individual freedom, under law, the right of property and other basic liberties, could thrive and grow. They applied their independence to these purposes with fruitful results. If the nation is now drifting and divided, there can be but one reason. The premises upon which independence was won have been weakened. Some are ashamed of the strength of our nation. Others question its laws, its economic system and the institutions under which it has become strong. They use the independence granted them nearly 200 years ago to turn the nation away from the principles on which it was founded and upon which it depends for its continued existence.

Those who are grateful for the opportunities and freedom this country has given them should stand up and be counted on Independence Day this year.

Taxes too high? complain now

The time to act is now if you question the value placed upon your property by the county assessor, advised Richard Nevins, Chairman of the State Board of Equalization.

During June, taxpayers whose property values are increased will receive a notice from the county assessor's office. Effective 1971, 25% of market value is the assessed value to be used in all counties. The taxpayer must take the initiative if he believes that his property has not been assessed at 25% of market value.

"Ask yourself," Nevins stated, "if you would accept approximately four times the assessed value as a fair sales price. Normally you will find the assessor has been fair. If the property assessment still appears out-of-line, the taxpayer should then appeal his value."

"Assessors, or their staff, are available for an informal discussion at any time," Nevins added. "The next step after the informal discussion with the assessor is the filing of a request with the County Board of Supervisors, sitting as a County Board of Equalization, or the Assessment Appeals

Board to adjust the value. Application for assessment reduction will be accepted by the clerk of the Assessments Appeal Board in San Bernardino County from July 2 - Sept. 15 or Los Angeles County from July 19 - Sept. 15.

An applicant to the County Board of Equalization or Assessment Appeals Board must establish the value of his property by independent evidence. The assessor's records may be used as part of the evidence. The applicant may not, however, rely solely on the assessor's record of full value of the property as evidence of overassessment.

Only one Southern California City, Pasadena, continues to do its own assessing rather than utilize the more efficient assessing, collecting, and assessment appeals services of Los Angeles County. Appeals are heard by the Pasadena City Board of Directors. Applications must be filed with the city clerk between July 1 and July 12.

Rules have been adopted by the State Board of Equalization governing the County Boards of Equalization and Assessment Appeals Boards. Should you desire a copy, write Richard Nevins, Chairman, State Board of Equalization, 1020 N Street, Sacramento, 958-14, asking for rules 301-326.

American Field Service students bid farewell to U.S. and friends

UPLAND - "When in Rome do as the Romans do."

Or else it's a protective adaption to the environment.

At any rate, when Gisela Santiago of Panama and Hakon Finne of Norway left Alta Loma and Upland last Sunday they were, at least outwardly, "Americanized."

Talking with them last winter, both the American Field Service students were intelligent, friendly and very polite. Both were conventionally appraised.

Talking with them last week, at the end of their stay, found Hakon with "long hair, levis and hang tens," and Gisela in shorts and bare-footed. Completely comfortable, they were still intelligent, friendly and polite.

Gisela confessed herself sad to leave her friends at Alta Loma High, but she said she now felt she had "friends the world over."

On her arrival home, about July 15, she will "maybe have one week's vacation," then it's back to school for her and an eventual career in chemistry or physics. Depending on the outcome of the comprehensive test she must take, she will either be a junior or a senior in school and have between 1/2 and 1 1/2

years to complete before she can attend college.

"In my country we go to school all day. For this we must be dressed. My mother wouldn't let me out like this without shoes," she smiled. "But I like bare feet. My sister here says, 'where's your shoes,' when I get out of the car to go into a market. I think we in Panama are in the middle. When you get dressed here you dress up more than we do."

Gisela said she had many wonderful experiences, such as camping, that she had never had before.

"My friends here were not only teenagers," Gisela said, noting that she had "never had problems" with American adults. "I never had the generation gap in talking to them," she said.

"My greatest surprise was the differences you have here between Americans, Chicanos (Mexican-Americans) and Negroes. We don't have that kind of racial or religious differences (distinctions)."

She said at first she felt perhaps she had friends because she was "different," an AFS student. Now she feels the friends she has are her friends.

Some of her other comments on her stay:

"I've changed some of my attitudes, but one year isn't enough to get to know you.

"The thing I hate about it here is the SMOG!

"I don't like your war because I don't like to think about my friends going to Vietnam and getting killed, but I can't say that it is a good or bad war.

"I think your newspapers tell too many problems and we have enough in private life.

"I'm going to miss the hamburgers, but I'm going to make my own.

"I'm looking forward to eating all the things I haven't had for a year."

She said two of her friends, Lois Tooman and Teresa Nunez, gave her a book for graduation which she feels helped "complete" her education.

Hakon, who attended Upland High School, said that after the AFS trip to Kansas City, Mo., where 700 AFS students will meet for a few days, he will fly to Stockholm, Sweden, then to Oslo, Norway.

"I'm not supposed to get scholastic credit for my work here, but I'm trying anyway."

He said there were final exams necessary from Norwegian High Schools for entrance into college and these he would

take. He may have to repeat his final year in high school which he lost coming here. He will eventually specialize "in some field of math."

Hakon said his stay in Upland helped "broaden my mind. My views changed from conservative to more liberal, but I think that this is a trend in the AFS program. An AFS student must conform without losing his identity."

"In my country we don't have a dress code, people just stay within the limits. We can go barefoot to classrooms, for instance, but no one does."

Had Hakon retained his identity, despite his outward appearance?

"I think so," he said, noting he felt that distance will lend perspective to "see what I gained" in his U.S. stay.

The drug problem is not as widespread in Norway, Hakon said, but drugs are available. He was also concerned about the "chronic problems" of waste, smog and all forms of pollution.

The Norwegian youth said he would treasure his personal experiences and would "recommend AFS to those who can take it."

Gambit

By Bobbe Monk

Everyone should have a "picture window on the world". It's been one of the things I've enjoyed the most working for the Upland News and Cucamonga Times.

Some sightings: Mini-skirted misses crossing the street, causing even policemen to stop, look and grin;

Babies, dark-haired or blonde, peering big-eyed into the office and, seeing someone here, grinning, cautiously waving two fingers or wildly waving both hands;

Teenagers, arms locked around one another walking by looking soulfully into each others eyes (a la Paris in the Spring);

Plumes of smoke blackening the hills and slowly drowning the sun during 1969's conflagration;

Smiles, waves and nods of passers-by, some of whom I feel I know, yet have never talked to;

Feeling warm and comfy watching the rain wash my windows . . . then feeling miserable, knowing I have to pelt into the downpour to "cover" some happenings; Twinkling "stars" on the Upland concourse on crisp winter evenings, or balmy summer nights . . . reminiscent of movies with not-quite-believable backgrounds.

If you think it's all happening somewhere else, come look through my "window on the world" at a living microcosm of that world.

I'm giving up my "window" to Pauline Tiffany who, I believe, will enjoy its view as much as I have. She comes to us from the El Monte Herald and is already taken by the Upland-Cucamonga area.

My husband, daughter and I are moving from the area. We plan to become hill dwellers in a small spot on Highway 38 called Mt. Home Village. There, for the summer, at least, we'll relax and enjoy the altitude and our antiques.

I'm extending my thanks to all of the people in Upland and the Cucamonga District who have so kindly assisted me in my duties during my two stints with the Bonita Publishing Company. It's been my pleasure to serve you. May God grant you all a blessed future.

Flag facts

(CUCAMONGA - ED's note: As Americans, we should all be proud of our flag as well as its history. The following is a brief reminder of flag facts and etiquette presented by the Cucamonga-Alta Loma Junior Women's Club).

The Flag is the symbol of our freedom and our faith. We pledge our allegiance with thankful hearts that we are privileged to live under its protection.

The Flag of the United States is sometimes called the Stars and Stripes, or the Star-Spangled Banner. Its seven red and six white stripes represent the first 13 States. One star has been added for each State admitted to the Union.

Just as there are rules of behaviour for people, so there are rules of behaviour to show respect and to honour the flag which stands for our country. These rules include standing at attention when the flag passes by and placing your hand over the heart when pledging to it. Persons in uniform salute. A Flag at half-staff is a sign of mourning. To place the flag at half-staff, it should first be raised to the top of the staff and then lowered to half-staff.

The following is a list of days on which the flag should be displayed:

January 20 of election year as the President is inaugurated; February 12, Lincoln's Birthday; February 22, Washington's Birthday; April 6, Army Day; April 14, Pan-American Day; May 8, V-E Day (Victory in Europe); the second Sunday in May which is Mother's Day; the third Sunday in May which is "I-Am-An American Day"; May 30, Memorial Day when the flag should be half-mast until noon, then after that it should be full mast; June 14, Flag Day; July 4, Independence Day; August 19, National Aviation Day; the first Monday in September, Labor Day; September 2, V-J Day (Victory in Japan); September 14, anniversary of the writing of "The Star Spangled Banner"; September 17, Constitution Day; the last Sunday in September, Gold Star Mothers' Day; October 12, Columbus Day; October 27, Navy Day; on the Presidential Election Day (or every four years) which is the first Tuesday after the first Monday in November; November 11, Armistice Day of World War I; the fourth Thursday in November, Thanksgiving Day.

Whoever knowingly casts contempt upon any flag of the United States by publicly mutilating, defacing, defiling, burning, or trampling upon it shall be fined not more than \$1,000 or imprisoned for not more than one year, or both.

The Flag is often affectionately called "Old Glory". It stands for the dignity of humanity as children of God, for equal rights, justice and freedom for all mankind. It flies continuously over the Capitol of the United States in Washington, D.C. being lowered only for replacements.

So the next time you see the Stars and Stripes pass by or are privileged to salute it, do so proudly, and be glad that you live under its protection.

Fire hazards in forest

Fireworks of all types are forbidden in the high fire hazard areas of San Bernardino and Riverside Counties, including all of the San Bernardino National Forest, Don R. Bauer, Supervisor of the San Bernardino National Forest stated today.

Both counties have ordinances which prohibit the discharge, possession, transportation, sale or offering for sale any type of fireworks within the unincorporated area. Persons purchasing fireworks in other areas, including the "Safe and Sane" fireworks are cautioned not to transport or discharge them in the high fire hazard areas of San Bernardino and Riverside Counties, Bauer stated.

The sale and purchase of "Safe and Sane" fireworks within certain cities of San Bernardino

County affect only specified areas within these cities. Bauer pointed out that fireworks of all types will be confiscated and their owners prosecuted if and when these fireworks are transported into the high fire hazard areas.

Bauer stated that he has instructed all Forest Rangers of the San Bernardino National Forest to be especially alert to all possible fire causes, especially fireworks and take the action necessary to ensure that fires are held to an absolute minimum during the coming 4th of July holiday. He further stated that fire danger is extreme with the potential for serious fires already upon us. We must have the all out cooperation and understanding of the public.

The Tire of the Future!

At Freeway speeds, a blowout with ordinary tires can be extremely dangerous. That's because ordinary tires start flip-flopping from side to side—often violently enough to cause you to lose control. But that's where the LXX tire is different. It's a safety system, a matched wheel and tire perfectly mated to keep you in control even when it's fully deflated. The LXX rim seats down onto the thick, broad, belted tread and rides it like a tank track—straight and wobble-free.

ORDINANCE NO. 920
ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND, CALIFORNIA, PROVIDING FOR AMENDING PORTIONS OF THE UPLAND MUNICIPAL CODE, ARTICLE III, CHAPTER 6, REVISING PROCEEDURES FOR THE ABATEMENT AND REMOVAL OF PUBLIC NUISANCES OR ABANDONED, WRECKED, DISMANTLED, OR INOPERATIVE VEHICLES, OR PARTS THEREOF FROM PRIVATE PROPERTY, OR PUBLIC HIGHWAYS AND RECOVERY OF COSTS OF ADMINISTRATION THEREOF.

The City Council of the City of Upland, California, does hereby ordain as follows:

SECTION 1. Upland Municipal Code, Article III, Chapter 6, Section 3600, is hereby amended to read as follows:

Section 3600 - Findings and Declarations of the City Council; Definitions

(a) In addition to and in accordance with the determination made and the authority granted by the State of California under Section 22600 of the Vehicle Code to remove abandoned, wrecked, dismantled or inoperative vehicles or parts thereof as public nuisances, the City Council hereby makes the following findings and declarations: (1) The accumulation and storage of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof on private or public property not including highways is hereby found to create a condition tending to reduce the value of private property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, to create a harbor for rodents and insects and to be injurious to the health, safety and general welfare.

(2) Therefore, the presence of an abandoned, wrecked, dismantled or inoperative vehicle or parts thereof, on private or public property not including highways, except as expressly hereinafter permitted, is hereby declared to constitute a public nuisance which may be abated as such in accordance with the provisions of this Chapter.

(b) As used in this Chapter: (1) The term "vehicle" means a device by which any person or property may be propelled, moved, or drawn upon a highway, except a device moved by human power or used exclusively upon stationary rails or tracks.

(2) The term "highway" means a way or place of whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel. Highway includes street.

(3) The term "public property" does not include "highway."

(4) The term "owner of the land" means the owner of the land on which the vehicle, or parts thereof, is located, as shown on the last equalized assessment roll.

(5) The term "owner of the vehicle" means the last registered owner and legal owner of record.

Section 3600.7 - Notice of Abatement

A 10-day notice of intention to abate and remove the vehicle, or parts thereof, as a public nuisance shall be mailed by registered mail to the owner of the land and to the owner of the vehicle, unless the vehicle is in such a condition that identification numbers are not available to determine ownership. The notices of intention shall be in substantially the following form:

SECTION 4. Section 3600.8 of the Upland Municipal Code is hereby amended to read as follows:

Section 3600.8 - Public Hearing, Request for and Procedure

(a) Upon request by the owner of the vehicle or owner of the land received by the City Manager within ten days after mailing of the notices of intention to abate and remove, a public hearing shall be held by the City Council on the question of abatement and removal of the vehicle or parts thereof as an abandoned, wrecked, dismantled or inoperative vehicle, and the assessment of the administrative costs and the cost of removal of the vehicle or parts thereof against the property on which it is located.

(b) If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such 10-day period, said statement shall be construed as a request for a hearing which does not require his presence. Notice of the hearing shall be mailed, by registered mail, at least 10 days before the hearing to the owner of the land and to the owner of the vehicle, unless the vehicle is in such condition that identification numbers are not available to determine ownership. If such a request for hearing is not received within said 10 days after mailing of the notice of intention to abate and remove, the City of Upland shall have the authority to abate and remove the vehicle or parts thereof as a public nuisance without holding a public hearing.

(d) The City Council may impose such conditions and take such other action as it deems appropriate under the circumstances to carry out the purpose of this Chapter. It may delay the time for removal of the vehicle or part thereof if, in its opinion, the circumstances justify it. At the conclusion

The order requiring removal shall include a description of the vehicle or part thereof and the correct identification number and license number of the vehicle, if available at the site.

(e) If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, the City Council shall not assess cost of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such costs from such landowner.

SECTION 5. The Mayor shall sign this ordinance and the City Clerk shall attest to the same, and the City Clerk shall cause the same to be published within fifteen (15) days after its passage, at least once in The Upland News, a newspaper of general circulation, published and circulated

lubs, held at Griswold's in Claremont, June 27. District President, Orval (Mrs. J.W.) Winters, of San Bernardino presided at the Conference, which was the initial training conference of the new Year. "Tomorrow's Triumph Today," was the theme.

Following the opening ceremonies and a short business session, an orientation seminar was conducted at which time the group was divided into nine smaller groups for specialized study in the various areas of Federation activities. A panel

of past district presidents were called to answer questions which evolved from the groups.

They Keynote speaker was Mrs. Loretta Ward, of Van Nuys, State Program Coordinator, who was the official State Representative to the Conference. Mrs. Ward related some of the unbelievable hardships encountered by some of the pioneer women who dared to speak out in public on behalf of women's rights, and challenged women in this Era of Responsibility to assume their share of the responsibilities that

go along with the rights that have been won by their predecessors.

Mrs. Bernice Schnover, president-elect, reported on the recent State Training session held in San Francisco recently.

Those attending from Upland were: Miss Rosemarion Cunningham, President; Mrs. Eleanor Smith, Mrs. Neal Henderson, Mrs. Jay Thrasher, Mrs. Althea Correll, Mrs. Carl Weatherhead, Mrs. Henry Brune, Mrs. R.C. West, Mrs. J. McCormick, Miss J. Francis Barks, and Mrs. Zella

ACT asks for youth

The second group of youth to go camping this summer with the ACT Guide Service will return from the Mr. San Geronio Wilderness Area Friday (July 2). The group completes six days of camping. This camping experience is offered by ACT with ten more weeks of camping offered for the youth of Pomona Valley.

For those not in summer school two special trips will be offered. The first leaving July 7 and returning July 30. The route this group follows will be the famed John Muir Trails; 200 plus miles of high adventure

in the Sierra Nevada Mountains. This will be the most beautiful trip where people are the fewest and the mountains the greenest.

The trip is planned with two food drops so that no one will need to carry more than 25 pounds at one time.

The second of the special trips begins July 11 for two weeks. This trip will be going to the Mt. Whitney area with special time for training in wilderness survival.

For information on any of these trips call the ACT Guide Service-983-9076.

Theatre party

Pomona Juniors have formed a theatre party to attend "Love Story" at the Montclair Theatre on Tuesday, July 6. Mrs. Frank DeLuca, chairman of the event reports, "This is a two handkerchief movie, so some prepared." Persons interested in attending should contact Mrs. DeLuca.

The San Gabriel Valley District Junior Women's Clubs Executive Committee will meet for its June Roundtable at the Claremont Women's Clubhouse.

Films shown

ROWLAND HEIGHTS-"Cartoon Parade," sponsored by Farjardo PTA and Rowland Recreation Department will be shown Wednesday, July 7, from 1 p.m. to 2:30 p.m., in Farjardo School Cafeteria.

Sno-cones and snacks will be on sale. Admission is 25¢ per child. PTA helpers will supervise.

A surprise appreciation luncheon was held to honor Mrs. L.G. Beckett, Farjardo PTA president, at Pomona National Golf Course June 15. She received a corsage and was presented an official PTA charm bracelet.

Scholarship winner

UPLAND-The educational careers of 99 students who will be attending California State Polytechnic College, San Luis Obispo, will be furthered with the help of \$500 Wrasse scholarships.

The awards are provided through the income on a nearly half million dollar bequest provided by the late Leopold Edward Wrasse, a Fresno County farmer.

Recipients of the scholarships are selected on the basis of their interest in agriculture, academic record, and citizenship.

Among the recipients is Mia E. Smith, Upland High School graduate.

Earn-A-Swim

Mrs. Kathy Snell of the La Verne's City Beautiful Ecology Committee, exchanges swim tickets for bags of trash collected by Tim Mueller, center, and his brother, Steve. The project, to run between July 5 and August 13, will provide one ticket for each bag of trash collected within the city, with cash prizes to be awarded to the children who have traded in the most bags at the close of the program.

Noise hurts animals

The hearing ability of domestic pets is most acute and sounds that expel exploding and sharp cracking noises will often panic a cat or dog into a frenzy and motivate him to run away.

Last year, following July 4th, our office received 41 lost animals reports, which included 2 horses. Most of those who lost their pet stated that "he never ran away before."

The Humane Society of Pomona Valley offers the following suggestions to the pet-owning public to safe-guard your pet:

1. For best results, put your pet in a private kennel away from the city for the day.
2. If you decide to leave your pet at home, be sure to leave him in a room away from the better part of the direction of the noise.
3. Some people might think of stuffing the house pets ears with cotton, a veterinarian should approve of such action first.
4. Keep a sufficient supply of fresh cool water available for the pet all day.
5. Those pet owners living nearest the L.A. fairgrounds should take extreme measures pertaining to their pets comfort and safety.
6. Remember, that a current dog license tag, attached to the dog's collar is the best insurance of having your dog returned.

Sincerely,
Bruce P. Richards
Executive Director
